

PROPOSAL FOR FCAR RESEARCH PROJECT

Please complete this form and submit it to the Research Committee Chair via e-mail to <jgold@caionline.org>.

- 1. What is the topic you propose for a Foundation research project?**
- 2. Provide a brief summary of the need for this research and the issues or concepts it will address.**
- 3. What is the anticipated outcome or product from this research: published report or book, new or enhanced data, new CAI educational program, conference presentation, other?**
- 4. How will this research benefit common-interest communities and community associations?**
- 5. Is this research primarily national or regional in its scope and impact? Why is it useful to CAI?**
- 6. What timeline do you propose for FCAR to conduct this research?**

7. Are you aware of related research conducted by other organizations? If so, please provide relevant details. How would FCAR research on this topic be different from the other activity?

 8. Do you have recommendations on who is best positioned to conduct this research, i.e. academic institution, research firm, governmental agency, individual researcher, other?

 9. Will you contribute the cost of this research or can you identify potential sponsors? *Note that FCAR is a tax exempt entity and contributions are tax-deductible to the extent allowed by law.*

 10. You may attach additional information that will enable the Committee to give full consideration to this proposal.
